INTRODUCTION

RiseBTC Multichain Network is built on BSC, Polygon and Kucoin Chain united in a common purpose: Earn 26% BTC Rewards in Every 15 MINUTES simply by holding RiseBTC! We strive to deliver the BEST BTC Reward for you and, together, with our team, power a #1 age of BTC Rewards. RiseBTC Network is Freedom!

RiseBTC Coin

Our Smart Contracts are computerized codes or protocols that are programmed to automatically execute certain transactions when certain activities are recorded and identified in the smart contract system. This computerized contract runs automatically which eliminates the third parties to process any function or transaction.

About RiseBTC

RBTC ECOSYSTEM is a leading Multichain Network on BSC, Polygon and Kucoin Chain for blockchain innovation and performance.

RBTC is a digital currency, a Multichain Ecosystem based on BSC Network. RBTC promises its token holders a #1 Highest 26% BTC Rewards in EVERY 15 MINUTES simply by holding RBTC.

RBTC Multichain Ecosystem will be born first on BSC Network. Afterwards RBTC will be born on Polygon and Kucoin chain accordingly.

Our Mission

With Our advanced Mechanism and huge marketing campaigns, the success is all but assured. RiseBTC grants The #1 Highest 26% BTC Rewards in Every 15 minutes simply by holding and the rewards will automatically be sent to your wallet without a need for manual claiming. Now the choice is yours to make between going after other scam coins without any developers doxxing themselves, you also could sit back and enjoy watching us soar higher and higher, or last option, you could fly high with us and Hold \$500 RiseBTC and compete for Real BTC. For now, one random holder of over \$500 RiseBTC will be selected to win one real BTC and more opportunities will be opened in the future.

RiseBTC has web and Android wallets, and, in the future, we will be launching our Windows and Linux wallets for efficient BTC mining purposes. But the main thing about RiseBTC is that all holders can check and manage their funds in BSC, Polygon and Kucoin Chain in our App!

RiseBTC wallet will be an app readily available for Android and iOS which will allow users to store their tokens in all 3 chains within our App, we will be integrating the DAPP within the app so that people can purchase all tokens and coins which are not readily available on exchanges.

RiseBTC Multichain Ecosystem strive towards the #1 Highest BTC Rewards for YOU. In RiseBTC and BITCOIN we trust!

Multichain Ecosystem

RiseBTC coin is NOW based on Binance Smart Chain BEP-20 to develop an ecosystem of DAPP, Crypto Wallet and our own Multichain Swap. This Multi-chain Ecosystem will empower its users to build their DAPP and digital assets on one RiseBTC and take advantage of the fast trading to exchange on the other with our APP and Swap.

Why RiseBTC chooses multichain network?

This Multi-Chain Ecosystem empowers users of all chains to join our journey with the larger multi-chain network. This simplifies and eases the tasks to become a millionaire because we can proceed with our previous works, knowing that each and every new project on Polygon and Kucoin chain won't need to be redone every time our new coin is released, as long as the token follows the rules

Why do people buy RiseBTC?

The answer is simple - to become a millionaire in August. With Our advanced mechanism and huge marketing campaigns, the success is all but assured. Where can I buy it now & is it safe to invest in RiseBTC?

Hey! Developer Marco here. Nice to meet you :) Greetings from California. You may rest assured that your funds are SAFU here. We have already applied for auditing & I have been doxxed myself :) Check out my profile below!

We are holding a private presale right now in BEP-20 BSC. You can directly send your BNB to the following wallet address : `0x7C14050A36f6d99C6145bb01c044268898Eb3D5F`

All the transfers can be seen on bscscan.com by everyone therefore we can't hide anything.

All Private Presale Buyers will receive the tokens accordly. Please remember that 5 BNB is the maximum contribution for each wallet.
